### **Pisgah State Park Management Plan Update**

**(Concord, NH)** – A meeting of the Pisgah State Park Steering Committee and Technical Team to discuss proposed changes to the current Pisgah State Park Management Plan will be held on Wednesday September 24, 2014 from 1 to 4 pm at the NH Fish and Game Region Headquarters located at 15 Ash Brook Court in Keene, New Hampshire. The public is invited to attend.

The New Hampshire Department of Resources and Economic Development is proposing a small number of changes to the current management plan for the park. When the plan was being developed it was agreed that a follow up meeting would be scheduled early in the life of the plan to review how the plan was working. This meeting is being scheduled to comply with that agreement.

The changes being proposed will be discussed formally in the meeting with the Steering Committee and the Technical Team. Time will be scheduled at the end of the meeting for comments from the public. For more information contact Ken Desmarais, Administrator – Forest Management Bureau at 603-271-2214 or e-mail at [kenneth.desmarais@dred.nh.gov](mailto:kenneth.desmarais@dred.nh.gov)
